LinkedIn: <https://www.linkedin.com/in/jana-almeziney>

Objective:

Junior **Flutter Developer** with a background in **Computer Science** and hands-on project experience in **Flutter web development, Web development, and UI/UX design**. Built and deployed **4 web projects** independently, demonstrating end-to-end development and **UI/UX** implementation. Seeking a junior or entry-level development role where practical skills and academic training can contribute to a growing technical team.

Education:

Bachelor's Degree in **Computer Science**, Taibah University

Graduation: 2026

Projects:

- **Personal Portfolio Website — The Devfolio** :Designed and developed a personal portfolio website to showcase technical projects, skills, and professional work. ([View the project](#))
- **Amoora Bloom**: Designed and developed a responsive web platform showcasing products and brand identity, with a focus on modern UI design and user experience. ([View the project](#))
- **SwiftCode**: Designed and developed an interactive web platform for generating, scanning, and managing QR codes, featuring local history storage and a modern user-friendly interface. ([View the project](#))
- **Watto App**: A Flutter-based web application designed and deployed independently, demonstrating end-to-end product development across UI design and frontend implementation. ([View the project](#))

Professional Development:

Courses & Certificates:

- Dart 101, Satr Platform — Tuwaiq Academy, **3 hrs**, Jul 2025
- Dart 102, Satr Platform — Tuwaiq Academy, **1 hr**, Jul 2025
- Dart 103, Satr Platform — Tuwaiq Academy, **1 hr**, Jul 2025
- Dart 104, Satr Platform — Tuwaiq Academy, **2 hrs**, Jul 2025
- Flutter 101, Satr Platform, **2 hrs**, Jul 2025
- Flutter 102, Satr Platform, **2 hrs**, Jul 2025
- Flutter 103, Satr Platform, **1 hr**, Jul 2025
- Flutter 104, Satr Platform, **2 hrs**, Jul 2025
